

LaCrosse Street

# Diverging Diamond Interchange

## WESTBOUND I-90 ON-RAMP TEMPORARY CLOSURE NOTICE

The westbound on-ramp to I-90 at LaCrosse Street (Exit 59) will be temporarily closed starting at 9 a.m. on Wednesday, May 26, 2021. The closure is expected to last through August 2021. The reason for the closure is to protect workers and the traveling public during construction/widening of the new entrance ramp. This temporary closure will also expedite the full ramp construction such that further closures may be minimized.

A well-signed detour route will be provided, which will guide travelers north to Mall Drive, west on Mall Drive to Haines Avenue, and south on Haines Avenue to the westbound I-90 (Exit 58) entrance at Haines Avenue.

Our team appreciates your patience, and sincerely apologizes for the extended duration of this closure.

**Thank you for your patience regarding this temporary closure. If there are any questions or concerns, please contact:**
